

You're almost there! Your templates have been made and your stone is being fabricated. As soon as it is ready to install G Stone Ltd will send a minimum of two fitters per installation and so should not require any assistance with transporting the stone into the premises. If however assistance from any third parties is offered they do so at their own risk.

Unit 7B, Robert Way,
Wickford, Essex SS11 8DD

1. Ensure that all trades e.g. kitchen fitters, plumbers, gas fitters, electricians, plasterers etc have completed work to a stage where worktops can be fitted. We cannot easily remove them once fitted as this can cause damage and incur additional cost.

2. Natural stone and Quartz are extremely heavy so please ensure the access from to and around the final fit area is clear of obstacles to avoid damage or injury to your property or our fitters.

3. We can fit your sinks and taps and appliances to your worktops but please ensure that you have arranged the relevant trade to plumb/wire these items in for use.

4. Fitting your worktops should take approximately 2 hours (longer for larger and more complex projects). Please ensure that you are present on completion of the installation to sign-off our work and to pay the balance of our invoice.

5. Finally, as G Stone Ltd rely on customer recommendation for future work we would greatly appreciate it if you would visit our website again to leave us feed back on your G Stone Ltd experience.

PLEASE NOTE: G Stone Ltd does not accept any liability for kitchen units that are not level or walls that are not square/plumb which result in our final installation not being 100% level/square. Any adjustments are the responsibility of the customer/contrator and should be completed prior to final fit. Please make us aware of any such adjustments before we fit your installation.

G Stone Ltd do not undertake any electric, plumbing or gas installations, carpentry, plastering or decorating. Necessary arrangements should be made with the relevant contractor prior to or post fit.

Please allow 7-10 working days from order to fit. A full version of our terms and conditions can be viewed on our website @ www.gstoneltd.co.uk. Should you have any queries please do not hesitate to call us.
